LET'S GROW WITH US

## IT SERVICES

Provide Managed IT Services such as Desktop Services, Managed Print Services, and IT Asset Management. Our Service extends to IT-based outsourcing services such as IT Office Services, B2B Solution Deployment, and Operation Services.

" Nexien is fast and always customer-centric. Their service is tailored to our needs. They are communicating to set the expectation correctly and deliver above and beyond."

IT Director,  
Global electronics company

## STAFFING

Specialized in delivering talent staffing, plant staffing, and direct hire recruiting as well for information technology, administrative, logistics, construction, public transit, manufacturing labor categories, and more.

" Nexien's service & management is different from other traditional staffing agencies in terms of their data-based management and managers' accountability and capability"

HR Manager,  
Fortune 500 manufacturing company

## SMART TRANSPORTATION

Provide innovative solutions that help public transportation embrace smart technologies such as leading metropolitan transit authority's fare gate modernization of both hardware and software

" Nexien is the perfect partner to execute the project and provide maintenance service with our smart fare gate technology solution "

Chief Technology Officer,  
Smart Transport Tech Company

## ROBOT

Provide end-client-focused customization, value-added development, training, deployment, and maintenance service working with leading technology companies.

" We are expecting to grow with Nexien based on the partnership for customization, deployment, and maintenance of our solution"

Partnership Executive,  
AI Robot Tech Company

## BUSINESS PARTNER

Your path to accelerated growth and revenue starts with Nexien.

- Are you a start-up to launch a product in the U.S, looking for a value-added partner?
- Are you a technology product company looking for client-level tailoring & support?
- Do you need expert-level capabilities for project execution?
- Are you looking for recruiting or staffing partner for your organization?

Contact us now, and let's plan, build, and grow together!
